PERSONAL STATEMENT

Front-End Developer with years of experience in modern JavaScript frameworks and a licensed Pharmacist, known for strong problem-solving skills and leveraging technology to enhance healthcare projects and patient care.

EXPERIENCE

STEREDA PHARMACEUTICALS LIMITED

Jan 2020 - present

Front-End Developer / Managing Pharmacist

- Implemented version control and continuous integration (CI) practices, reducing code conflicts by 6% and improving collaboration efficiency.
- Spearheaded the development of software tools aimed at optimising medication management, including medication adherence reminders, leading to a 34% increase in patient adherence rates.
- Provided training and support to healthcare professionals on the effective utilisation of healthcare technology, including NextJS-powered applications, improving user proficiency and reducing learning curves.
- Crafted a strategic learning agenda aligning with business goals, driving a 15% skill improvement and 10% revenue growth.
- Pioneered the integration of telepharmacy services into healthcare platforms, expanding patient access to medication consultations and prescription services through NextJS-powered interfaces. This led to a 43% increase in patient satisfaction and 17 additional telepharmacy users.

ADD PHARMA GHANA LIMITED

Jul 2019 - Sep 2019 (Contract)

Health IT Consultant

- Provided extensive training and support to healthcare professionals at Add Pharma Ghana, improving their proficiency in using health tech systems, resulting in a 15% increase in user proficiency and a 8% decrease in user-reported issues.
- Managed health tech implementation projects, which resulted in an increase in system adoption rates and a 34% decrease in user training time.
- Collaborated with healthcare organisations to assess existing technology infrastructure, leading to the successful implementation of new health tech solutions, resulting in a 23% increase in operational efficiency.
